1 University Credit w/approval available to Illinois and
Wisconsin instructors and providers

*Learning Can Be FUN!
Inside our workshops...*

PROGRAM HIGHLIGHTS

This 5 hour presentation engages YOU! Actively participate in the fun of the Language/Music Connection! Learn by listening and doing in this “Hands-On” Workshop designed just for you!

❑ **How kids learn:** Current brain research about how to use music and movement to build brain connections and patterns, increase brain mass and brain weight, and help kids focus, develop, and learn more effectively! Learn “how to’s” that really work!

❑ **“Windows of Opportunity”**- explore how and when the brain is wired and the role music and movement can play in a child’s overall development

❑ **Why do we sing?** - It’s so much more than just music and words! Language skills galore!

❑ **Songs, fingerplays, drama, movement, and dance activities** to help you joyfully achieve your preK-2 curriculum goals using “*Can’t fail*” strategies!

❑ **Sing your way to phonemic awareness:** Learn songs that teach initial phonemes and blends and use patterning to get us “ready to read!”

❑ **“Multi-sensory Approach!”** to ensure success and develop the whole child - Music is the tool!

❑ **Why do we dance?** - It’s so much more than just moving our feet! Skills! Skills! More Skills!

❑ **Motivational, meaningful, creative language and literacy extension activities** developed from songs, drama, and movement activities

❑ **Samples! Samples! More Samples!**- view children’s classroom publishing extensions from all across the US and New Zealand - Bring your digital camera to help remember super strategies & books!

❑ **Interactive writing activities and “shared pen” activities** every teacher can do using songs and drama sequences kids can’t wait to do!

❑ **Stretching words, discovering letters and sounds, building phonemic awareness**

❑ **Rhyme, Rhythm, Repetition** - “The 3 R’s” to **Reading** - patterns naturally built into song!

❑ **Language connections, sense of story, and vocabulary** using story-telling and drama activities kids really love! - *all set to music!* Brain-builder FUN!

❑ **Aid left to right visual tracking-** use song charts & Sing Along/Read Along Musical Big Books

❑ **Help emergent readers' comprehension** - Incorporate picture clues, use song patterns, retell a story, and make word predictions

❑ **Improve cognition, focus, sequencing, and memorization skills** -Learn empowering strategies

❑ **Write! Write! Write!** Songs and drama to build a writing classroom! Brainstorm ideas on a song topic and write, or follow a song pattern and write! Learn “how to’s” and see children’s work samples!

❑ **What is an “Intentional & Strategic Teacher”** - How is your overall planning affected?

❑ **Visual Learners, Auditory Learners, & Kinesthetic Learners** - Know the differences and plan effectively to reach and teach to them!

❑ **What is developmentally appropriate music and how do you choose it?** its benefits in the early years of a child’s life and later development

❑ **Teach math and internalize math concepts and spatial temporal reasoning** using songs, signing, and finger isolation activities

❑ **Exercise and the Brain!** - What the reserach says about the importance of daily exercise

❑ **Learn simple music strategies** every teacher can do successfully - even if you’ve never been very comfortable “doing” music before!

Meet Kathy Poelker...

Kathy Poelker is internationally recognized for her work in Early Childhood Music Education. She is an outstanding communicator, university lecturer, keynote speaker, motivator, author, consultant, children's recording artist, and composer of over 150 songs and 30 books. Kathy's critically acclaimed songs, recordings, and books in English, Spanish, and Hmong are used in hundreds of classrooms across the United States, Canada, Puerto Rico, the Virgin Islands, New Zealand and Australia. *Thousands* of young children, teachers, and families have enjoyed singing Kathy's songs for over 25 years!

Every year from 1988 through 2012, Kathy has received an **ASCAP Popular Award** for her children's educational music! Her songs have been selected by **American Drug Stores** and **Sylvania Corporation** for special children's health programs and literacy programs.

In "**Building Better Brain Power!**" Kathy demonstrates innovative ideas for using songs and movement activities to enhance **literacy, language, math, and motor skills**. You will learn **important brain research** behind each activity demonstrated! You will be an active participant in the **language/music connection**. Learn ways to empower your classroom, promote students' success, and enhance overall development. You will view many samples of classroom published books that link **language with music!**

Now is the time to sing, move, dance, and enjoy your way to creative learning as you participate in a *delightful day* with **Kathy Poelker!**

THIS SEMINAR INCLUDES:

- 5 hrs. of training with a "Master Teacher"
- Certificate of Participation - Earn **5 clock hrs.**
- Earn **5 IL CPDUs** - ISBE Approved Provider
- Earn **5 Early Intervention Credits (EI)**
- Workshop Strategies & Activities Booklet
- Curriculum Materials Display - English & Spanish Materials Available
- University Credit (available through Loyola Marymount University - additional fee required along with course work - **1 Prof. Dev. Credit**)
