

LICENSED CHILDCARE PROVIDERS OF ANOKA COUNTY
A Non-Profit Association Supporting Licensed Family Childcare in Anoka
County and Surrounding Areas

March 3, 2006

To Whom It May Concern;

Kathy Poelker of Look at Me Productions provided a keynote address and a total of three breakout sessions at our 2006 Spring Conference for the Licensed Child Care Providers of Anoka County (LCCPAC). On our conference evaluations, 90% of respondents rated Kathy's keynote as excellent. Responses to her breakout sessions were similarly positive.

Kathy uses music and movement as a resource for language and literacy development. The Participants in her breakout sessions were very involved and really enjoyed being up and Moving around compared to just sitting and listening to a lecture. The combination of learning and fun made the time go by so quickly. Some of our attendees complained that the day was not long enough. Here are a few comments from the attendees.

- Very inspirational, very motivating, very energetic, good care foundation on interaction great.
- Loved the music and group participation she is very enthusiastic.
- She is very knowledgeable and enthusiastic about her topic.
- Style of teaching is different and refreshing.
- God has given her an amazing talent.

Kathy is a gifted individual, who was not concerned about being there at the conference, she cared about making sure the attendees could experience one of her sessions so she could share her message. She is a very dedicated woman, and I would have her come again. She has even taken the time to see how I was as an individual going through my first conference.

Kathy Poelker is a wonderful and caring individual not worried about making a dollar but getting Message out to us as Daycare providers.

Sincerely,

Lisa Bergum
Education Chairperson for LCCPAC
Owner of Miss Lisa's Daycare
