

To whom it concerns:

Governors State University had the opportunity to sponsor a workshop with Kathy Poelker. Kathy is an amazing presenter. She is very knowledgeable in the field of Early Childhood Education and has a unique way of teaching children through music. Her songs and teaching methods are fun and age appropriate. The pre-kindergarten teachers at the Family Development Center have stated that they love the circle time songs and enjoy applying their new knowledge of music and movement in the classroom. They can definitely see the benefits of dance and music in the children's learning. Most importantly the teachers and the children are both having fun learning! I would recommend Kathy Poelker to any school or organization that is looking to enhance their curriculum for their students! The continuing education is priceless for educators of all levels!

Sincerely,
Julia Labuda
