To Whom It May Concern:

Kathy Poelker, of Look at Me Productions, was recently a Featured Speaker at Harris County Department of Education's 23rd Annual Early Childhood Winter Conference in Houston, Texas. Kathy presented on three topics to the delight of the many teachers who attended her sessions. Her sessions, "Learning with a Smile", "Come Sing and Dance with Me" and "Sing a Song to Reading, Sing a Song to Writing, Sing a Song to Math" were fun, entertaining and full of meaningful content! Her presentation style and activities kept the teachers actively engaged and left them inspired and wanting more!

Throughout the preparations for our conference, Kathy and Look at Me Productions were easy to contact and handled all details in a professional manner. As coordinator of this event, which was attended by over 1600 teachers of grades PK through 2nd grade, I am in a position to read every evaluation form completed. Kathy's evaluations were outstanding! She will definitely be invited back to our conference!

Sincerely,

Debra Anderson
