

March 12, 2008

To Prospective Early Childhood Conference Organizers:

The Early Childhood Conference at Indiana University South Bend was fortunate to have had Kathy Poelker as our keynote and workshop instructor on March 8, 2008. This conference has been in existence since the 1980's and my own involvement as conference co-chair has been at least 13 years. It was a pleasure dealing with Kathy Poelker and her husband John, both prior to and during the conference. They were organized, professional, flexible, engaged and enthusiastic. Making our conference a success was a priority for them and they worked tirelessly in that pursuit. Even though we offer over fifty breakout sessions, the success or lack thereof the keynote often sets the tone for how much our participants enjoy the learning day. Kathy's upbeat, entertaining, yet educational experiences provided much enjoyment for our over 600 participants.

From contract preparation, communication of audio and visual needs, electronic handout masters, brochure copy and biographical information to the actual engaging, enthusiastic, participative sessions of Kathy Poelker, she was a pleasure to work with and made my job easy. Her sessions are a perfect blend of educational principles and theories with entertainment and fun for all. The books, CDs, tapes, etc. of Look at Me Productions booth are a complement to her sessions and allow the participants to keep the learning going.

I would highly recommend Kathy Poelker for any Early Childhood event you might have. Please contact me, if you require more detail.
