I am writing this letter of recommendation for any Physical Education Program interest in a bonafide program for students of Pre – K 3 to 1st grade age. I was first introduced to Kathy Poelker's CD's at an in – service held for Pre – K and kinder teachers in November 2008. After watching just the opening segment of her presentation I was convinced that it would be just what my coaches were asking for in those grade levels. In just the short time that L.I.S.D. has used the Kathy Poelker CD's I've have seen the positive effect they have. I would highly recommend these programs for any Physical Education looking for sure – fire methods geared toward students between Pre – K 3 and 1st grade.

Thank-you

Michael A. Sosa Jr
