Kathy:

It is with great pleasure and pride that I humbly submit this letter of recommendation. In 2006 you once again shared your wonderful spirit and most importantly knowledge of early childhood education with North Carolina's teachers. For the second consecutive year your workshops were filled to capacity and received extremely positive evaluations.

By far the most successful portion of your fantastic presentations was the Friday Night Luau. For years we have offered this social occasion as a member benefit and never have we had as many attend as 2006. Everyone enjoyed learning the traditional Hawaiian dances and educational flare you delivered.

Your professionalism and calm demeanor make you a great person to work with. I look forward to the opportunity of welcoming you to North Carolina again. Please do not hesitate to forward my contact information as a recommendation. Thank you for providing "*excellence in care and services for all children.*"

Respectfully submitted,

*Roshi*

Roshi Bull-Turner
